

# Workplace Wellness

A Three Prong  
Approach for  
Reducing Illness  
and  
Increasing  
Productivity

**EBP** Supply  
Solutions

## What is Workplace Wellness?

Are you prepared for an illness outbreak? Most germs are spread by hands, and hands carry germs throughout the office. With just one touch, germs spread to co-workers and work surfaces because most workplace environments share key predisposing factors that contribute to infection transmission - close working environments, shared bathrooms, and break rooms.

Absenteeism caused by transmissible diseases is a major contributor to lost productivity in the workplace and to most companies. The spread of illness has a real impact on your company. Studies show that respiratory illness alone can cost as much as \$134 per employee per year and 4.1 hours of lost productivity per day. Health care and other business costs rise while employee morale falls.

The solution?

Products for: Hands • Work Areas • Air

## Purell<sup>®</sup> Hand Sanitizer

"FedEx<sup>®</sup> Custom Critical reduced absenteeism due to illness by 21% with Purell on the desktop."

444430907  
Purell 8 oz. Pump Hand Sanitizer, 12/Case

Purell, America's #1 brand of instant hand sanitizer, kills 99.99% of most common germs that may make you sick. Put a Purell Pal or Purell Desk Caddy on your desktop where germs live. Hands spread germs, germs may cause illness, that can cost you big. The CDC and the U.S. Department of Health and Human Services advise employees to promote hand hygiene to help stop the spread of germs and illness in the workplace.
